Alabama	149,539,554	55,094	2,700	Based on analysis from the Council of Economic Advisors of projected State budget shortfalls for FY 2011, we estimated that as many as 100,000 to 300,000 education jobs could be at risk across the country in the upcoming school year.	
Alaska	23,540,399	64,845	400		
Arizona	211,824,489	53,147	4,000

Georgia	322,313,830	56,140	5,700		We know States and districts are working hard to find ways to minimize job losses and keep cuts away from classrooms, but some are making cuts that we know will have an impact on kids.
